

My (Other) Passion...

Seascapes

Bandon Beach, OR

It's ok to have more than one passion...

A full-page background image of a sunset over the ocean. The sun is a bright, glowing orb positioned slightly to the right of the center, partially hidden behind a layer of clouds. The sky is a deep, warm orange, with some darker, silhouetted clouds on the left side. The ocean at the bottom is dark blue with visible ripples.

The background of the image is a deep teal or dark blue, representing a night sky. In the upper left quadrant, there is a bright, multi-pointed star. To its right and slightly lower, there is a faint, wispy nebula or cloud of gas. The bottom half of the image fades into a lighter, hazy blue and white gradient, suggesting a horizon or a bright light source just out of frame. The text "i wish..." is written in a white, cursive script across the middle of the image.
